**1. DESIGN REVIEW**

- a. Review and discuss renovations at 125 S. Jefferson Street

Erich Kulibert, representing the architect, appeared before the Commission at the preceding regular commission meeting regarding the proposed renovations to this building. He was asked to come back with more detailed information and drawings regarding the addition of the canopy, the columns and new windows. He brought photos and sketches today.

The roof on the canopy will be a standing seam metal roof. The windows will be aluminum and contain bullet proof glass. The columns will match those currently on the building.

A motion to approve the renovations at 125 S. Jefferson Street was made by Jeanine Mead, seconded by Jacqueline Frank. Both stated they would prefer no canopy, but understand its necessity.

All in favor. Motion carried.

A motion to adjourn was made by Dave Boyce, seconded by Susan Ley. All members voted in favor of the motion. Motion carried.
